EDUCATION

DSB Campus (Kumaun University)

Bachelor of Computer Application

Nov 2022 – July 2025

Nainital, Uttarakhand

- Ranked among the top 5 students of the batch.
- Relevant Coursework: Data Analytics, Artificial Intelligence, Database Management Systems.

EXPERIENCE

Techize Builder Web Solution

Fullstack Developer

January 2026 – Present

Remote

- Leading the development of dynamic and scalable web applications, handling both front-end and back-end architecture.
- Implementing optimized APIs and database structures to enhance performance, security, and overall system efficiency.

Bilvaleaf Private Limited

Fullstack Developer Intern

September 2025 – December 2025

Remote

- Contributed to development and maintenance of the company's HRMS Portal using React.js, Redux, Node.js, Express.js, Sequelize, and MySQL, ensuring smooth front-end and back-end integration.
- Collaborated with the development team to identify, debug, and resolve software issues, improving platform performance and reliability.

Techmint Lab

Fullstack Developer Intern

August 2025 – September 2025

Remote

- Designed and implemented responsive user interfaces using React.js, React Hooks, and Redux (Context API) for efficient state management.
- Collaborated in an Agile team to design and implement RESTful APIs, ensuring smooth data flow and enhancing performance of key modules.

PROJECTS

Tender Management System | HTML, CSS, JavaScript, React, MongoDB, Express.js, Node.js

January 2025

- Built a MERN stack Tender Management System enabling users to create, browse, and apply for 50+ tenders.
- Enhanced the app for performance and responsiveness across various devices for a smooth, consistent experience.
- Live Link: tender-management.vercel.app

Collaborative ToDo | JavaScript, HTML, CSS, React, MongoDB, Express.js, Node.js

December 2025

- Built a full-stack MERN application with Smart Assign and conflict resolution to automate task allocation and prevent concurrent-edit data collision.
- Live Link: collaborative-to-do.vercel.app

Valmo Website Clone | JavaScript, HTML, CSS, React, MongoDB, Express.js, Node.js

March 2025

- Developed a fully functional MERN stack clone of the Valmo website, replicating all features with integrated email functionality.
- Live Link: valmofrontend.vercel.app

Dummy E-Commerce Website | JavaScript, HTML, CSS, API

July 2024

- Developed a Flipkart clone focusing on responsive design and user-friendly interface; optimized for performance across all devices.
- Live Link: dishu-e-commerce.netlify.app

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Tailwind CSS, React.js, Node.js, Express.js, MongoDB, Basic knowledge of C, C++, Python

Developer Tools: VS Code, Render, Vercel, Netlify, Postman

Technologies/Frameworks: Git, GitHub

LEADERSHIP / EXTRACURRICULAR

Fraternity

Kumaun University

Spring 2024 – Present

- Led a department-wide project under the direct supervision of the HOD, demonstrating strong leadership and coordination skills.
- Managed a team of 10+ students, ensuring efficient progress and successful completion of all project milestones.
- Received praise from professors for outstanding programming and problem-solving skills.
